

February 27, 2017 - How to activate Windows and Office using Microsoft Toolkit 2.6.6 .NET Framework 4.0 or 4.5 & Office 2007 or later & Windows Vista. NET Framework 4 & Windows 8.1 and later Click the "Activate Office" button in the Control Panel. If you are running under an administrator account, then in the activation window, click the "Activate Office" button to start activation. The activation window will prompt you to enter a product key or use an existing one. To enter a product key, click the "Enter Product Key" button, then select a product key from the list. If you've already entered your product key, click Activate Office.
